(2) A development plan shall not designate any land as land subject to acquisition by the Authority if it appears to it that the acquisition is not likely to take place within five years from the date on which the plan is approved.

(3) Where any land is designated by a development plan as subject to acquisition by the Authority, then if at the expiration of one year from the date on which the plan, or the amendment of the plan, by virtue of which the land was first so designated came into operation, any of that land has not been acquired by the Authority, any owner of an interest in the land may serve on the Authority a notice requiring the interest of the owner in the land to be so acquired and if within six months after the service of that notice, or such longer period as may be agreed between the Authority and the owner, the interest of the owner has not been so acquired, the development plan shall have effect, after the expiration of the said six months, as if the land in which the said interest subsists was not designated as subject to acquisition by the Authority, but subject to such alternate restrictions as to user as shall be specified in the development plan.

(4) If, as a result of any objection or representation considered, or public inquiry held, in connection with a development plan or proposals for amendment of such a plan, the Authority is of the opinion that the Board or any other authority or person ought to be consulted before it decides to make the plan either with or without modifications, or to amend the plan, as the case may be the Authority shall consult that authority or person, but unless otherwise directed by

the Governor, they shall not be obliged to consult any other authority or person, or to afford any opportunity for further objections or representations or to cause any further public inquiry to be held.

Provisions for development

(2) Any application for planning permission that has been received by the Authority, the Board or the Advisory Board before the 5th December, 1997, shall be dealt with in all respects as if the amendment to the development plan approved by the Legislative Assembly on the 5th day of November, 1997, had not been so approved.

18. (1) Subject to this section and sections 5(1) and 6(1), where application is made to the Authority for outline planning or permission to develop land, the Authority may grant permission either unconditionally or subject to such conditions as it thinks fit, or may refuse permission.

Application for planning permission

(2) Without restricting the generality of subsection (1), conditions may be imposed on the grant of permission to develop land thereunder-

- (a) for regulating the development or use of any land under the control of the applicant (being land contiguous to the land that is the subject of the application) and for requiring the carrying out of works on any such land, so far as appears to the Authority to be expedient for the purposes of or in connection with the development authorised by the permission; and
- (b) for requiring the removal of any building or works authorised by the permission, or the discontinuance of any use of land so authorised, at the expiration of a specific period, and the carrying out of any works required for the reinstatement of land at the expiration of that period,

(6) Subject to section 52, the decision of the Board on any application to it under this section shall be final.

Supplementary
provisions re grants of
planning permission

19. (1) The power to grant permission to develop land under this Part shall include power to grant permission for the retention on land of any buildings or works constructed or carried out thereon before the date of the application, or for the continuance of any use of land instituted before that date (whether without permission granted under this Part or in accordance with permission so granted for a limited period only); and references in this Part to permission to develop land or carry out any development of land, and to applications for such permission, shall be construed accordingly.

(2) Any such permission as is mentioned in subsection (1) may be granted so as to take effect from the date on which the buildings or works were constructed or carried out, or the use was instituted, or from the expiration of the said period, as the case may be.

(3) Where permission is granted under this Part for erection of a building the grant of permission may specify the purposes for which the building may be used; and if no purpose is so specified, the permission shall be construed as including permission to use the building for the purpose for which it is designed.

(4) Where permission to develop land is granted under this Part, then, except as may be otherwise provided by the permission, the grant of permission shall enure for the benefit of the land and of all persons for the time being interested therein, but without prejudice to this Part with respect to the revocation and modification of permission granted thereunder.

(5) Where permission to develop land is granted under this Part for a limited period only, nothing in this Part shall be construed as requiring permission to be obtained thereunder for the resumption, at the expiration of that period, of

the use of the land for the purpose for which it was normally used before the permission was granted.

(6) In determining for the purposes of subsection (5), the purposes for which land was normally used before the grant of permission, no account shall be taken of any use of the land begun in contravention of this Part.

20. (1) Subject to this section, if it appears to the Authority that it is expedient, having regard to the development plan and to any other material considerations, that any permission to develop land on an application made in that behalf under this Part should be revoked or modified, it may, by order, revoke or modify the permission to such an extent as appears to it to be expedient as aforesaid.

Revocation and
modification of planning
permission

(2) The power conferred by this section to revoke or modify permission to develop land may be exercised-

- (a) where the permission relates to the carrying out of building or other operations, at any time before those operations have been completed; or
- (b) where the permission relates to a change of the use of any land, at any time before the change has taken place:

Provided that the revocation or modification of permission for the carrying out of building or other operations shall not affect so much of those operations as has been previously carried out.

(3) Where permission to develop land is revoked or modified by an order made under this section, then if on a claim made to the Authority within six months of the making of the order, it is shown that any person interested in the land has incurred expenditure in carrying out work that is rendered abortive by the revocation or modification, or has otherwise sustained loss or damage that is directly attributable to the revocation or modification, the Authority shall pay to that person compensation in respect of that expenditure, loss or damage.

(4) No compensation shall be payable under subsection (3) in respect of loss or damage consisting of the depreciation in value of any interest in the land by virtue of the revocation or modification.

(5) For the purposes of this section, any expenditure incurred in the preparation of plans for the purposes of any work or upon other matters preparatory thereto shall be deemed to be included in the expenditure incurred in carrying out that work, but except as aforesaid no compensation shall be paid under this section in respect of any work carried out before the grant of the permission that is revoked or modified, or by reason of any other loss or damage

(other than loss or damage by way of depreciation in value of an interest in land) arising out of anything done before the grant of that permission.

(6) Where the permission that is revoked or modified by an order under this section is permission for which compensation would be payable under Part IV in the circumstances therein mentioned, sections 34, 37 and 38 shall apply as if for references in section 34 to the refusal of the permission or the imposition of conditions on the grant thereof there were substituted references to the revocation of permission or the modification thereof by the imposition of conditions and section 34(1) shall have effect as if for the words “if the permission had been granted or had been granted unconditionally” there were substituted the words “if the permission had not been revoked or had not been modified”.

(7) Where by virtue of this section, compensation is payable in respect of expenditure incurred in carrying out any work on land, then if the Authority purchases any interest in that land, or a claim for compensation is made in respect of any such interest under section 34, any compensation payable in respect of that interest, or as the case may be, any compensation payable in respect of the interest under section 34 shall be reduced by an amount equal to the value of the works in respect of which compensation is payable under this section.

Enforcement of
planning control

21. (1) If it appears to the Authority that any development of land has been carried out after the appointed day without the grant of permission required in that behalf under this Part, or that any conditions subject to which such permission was granted in respect of any development have not been complied with, then the Authority may, within three years of such development being carried out, or in the case of non-compliance with a condition, within three years after the date of the alleged failure to comply with it, if they consider it expedient so to do having regard to the provisions of the development plan and to any other material considerations, serve on the owner and occupier of the land a notice under this section.

(2) Where a prospective purchaser of any land serves notice on the Authority that-

- (a) he intends purchasing land described in the notice; and
- (b) he is unaware of any development having been carried out on that land without the grant of permission in that behalf,

then, unless the Authority, within thirty-eight days of the receipt of such notice notifies such prospective purchaser of any development which has been carried out on that land without permission granted in that behalf, then all development thereon at the time of the receipt of such notice by the Authority shall, for the purposes of any enforcement notice thereafter issued, be deemed to have been permitted by the Authority.

(3) Any notice served under subsection (1) (in this Law called an “enforcement notice”) shall specify the development that is alleged to have been carried out without the grant of such permission as aforesaid or, as the case may be, the matters in respect of which it is alleged that any such conditions as aforesaid have not been complied with, and may require the taking of such steps as may be specified for restoring the land to its condition before the development took place, or for securing compliance with the conditions, as the case may be and in particular any such notice may, for the purpose aforesaid, require the demolition or alteration of any buildings or works, the discontinuance of any use of the land or the carrying out on land of any building or other operations.

(4) An enforcement notice requiring the removal, or discontinuance of the display, of an advertisement or sign shall have effect in respect of the whole of the parcel (as defined in the Registered Land Law (1995 Revision)) on which the advertisement or sign is displayed.

1995 Revision

(5) Except as otherwise provided in this section, an enforcement notice shall take effect at the expiration of such period after the service thereof, as may be specified therein.

(6) When, within the period mentioned in subsection (5), an application is made to the Authority under this Part for permission-

- (a) for the retention on the land of any buildings or works to which the enforcement notice relates; or
- (b) for the continuance of any use of the land to which the enforcement notice relates,

the operation of the enforcement notice shall be suspended pending the final determination of the application, and if the permission applied for is granted on that application, the enforcement notice shall not take effect.

(7) When within the period mentioned in subsection (5), an appeal is made to the court under section 22 by a person on whom the enforcement notice was served, the operation of the enforcement notice shall be suspended pending the final determination or withdrawal of the appeal.

(8) After the expiry of a period of five days from the date of service of an enforcement notice requiring the removal, or discontinuance of the display, of an advertisement or sign, the Authority, or a person authorised by the Authority, may remove the advertisement or sign and dispose of it fifteen days after the removal.

22. (1) A person having an interest in the land to which an enforcement notice relates may, at any time before the date specified in the notice as the date on

Appeal against
enforcement notice

which it is to take effect, appeal to a court against the notice, whether or not a copy of it has been served on him.

- (2) An appeal may be brought on the grounds that-
 - (a) the matters alleged in the enforcement notice do not constitute a breach of planning control;
 - (b) the breach of planning control alleged in the enforcement notice has not taken place;
 - (c) the appellant, being a prospective purchaser of the land to which the enforcement notice relates, had served notice on the Authority in accordance with section 21(2) and that the Authority has failed to notify the appellant that the development to which the enforcement notice relates had been carried out without permission;
 - (d) the breach of planning control alleged by the enforcement notice occurred on a date earlier than three years before the date on which the notice was served;
 - (e) the steps required by the enforcement notice to be taken exceed what is necessary to remedy any breach of planning control or to achieve a purpose specified in section 21(3); or
 - (f) the period specified in the enforcement notice as the period within which any step is to be taken falls short of what should reasonably be allowed.
- (3) On any appeal under this section, the court-
 - (a) if satisfied that grounds (a), (b), (c) or (d) of subsection (2) have been proven, shall quash the enforcement notice;
 - (b) if satisfied that a variation of the enforcement notice on grounds (e) or (f) or both of subsection (2) would be appropriate, may vary the notice accordingly; or
 - (c) in any other case, shall dismiss the appeal,

and on any such appeal may make such order as to costs as the court thinks fit.

(4) Where the enforcement notice is varied or the appeal dismissed, the notice, unless the court otherwise directs, shall take effect on the date of determination of the appeal.

(5) The decision of the court under this section shall be final and binding on all parties concerned.

Supplementary
provisions as to
enforcement

23. (1) If, within the period specified in a enforcement notice, or within such extended period as the Authority may allow, any steps required by the enforcement notice to be taken (other than the discontinuance of any use of land)

have not been taken, the Authority may enter on the land and take those steps and may recover as a simple contract debt in any court of competent jurisdiction from the person who is then the owner of the land any expenses reasonably incurred by the Authority in that behalf; and if that person, having been entitled to appeal to the court under section 22, has failed to make such an appeal, he shall not be entitled in proceedings under this subsection to dispute the validity of the action taken by the Authority upon any ground that could have been raised by such an appeal.

(2) Any expenses incurred by the owner or occupier of any land for the purposes of complying with an enforcement notice served under section 21, in respect of any development and any sums paid by the owner of any land under subsection (1) in respect of the expenses of the Authority in taking steps required to be taken by such an enforcement notice, shall be deemed to be incurred or paid for the use and at the request of the person by whom the development was carried out.

(3) Where, by virtue of an enforcement notice, any use of land is required to be discontinued, or any conditions are required to be complied with in respect of any use of land or in respect of the carrying out of operations thereon, then whoever, without the grant of permission in that behalf under this Part, uses the land or causes or permits to be carried out those operations, in contravention of the enforcement notice, is guilty of an offence and liable on summary conviction to a fine of five thousand dollars and, in the case of a continuing offence, to a further fine of two hundred dollars for every day after the first day during which the use is so continued.

(4) Nothing in this Part shall be construed as requiring permission to be obtained thereunder for the use of any land for the purpose for which it could lawfully have been used under this Part if the development in respect of which an enforcement notice served under section 21 had not been carried out.

24. (1) Subject to this section, where an enforcement notice has been served under section 21 on the person who was, when the notice was served on him, the owner or occupier of the land to which the enforcement notice relates and within the period specified in the enforcement notice, or within such extended period as the Authority may allow, any steps required by the enforcement notice to be taken (other than the discontinuance of any use of land) have not been taken, that person is guilty of an offence and liable on summary conviction to a fine of five thousand dollars and, in the case of a continuing offence, to a further fine of one thousand dollars for every day after the first day during which the requirements of the enforcement notice (other than the discontinuance of any use of land) remain unfulfilled.

Penalties for failure to
comply with certain
enforcement notices

(2) If a person against whom proceedings are brought under this section has at some time before the end of the period specified in the enforcement notice for compliance with the notice (or of such extended period as the Authority may allow for compliance with the notice) ceased to be the owner or occupier of the land, he shall, upon information duly laid by him and on giving to the prosecution not less than three days' clear notice of his intention, be entitled to have the person who then became the owner or occupier of the land joined in the proceedings.

(3) If, after it has been proved that any steps required by the enforcement notice have not been taken as aforesaid, the original defendant proves that the failure to take the steps was attributable in whole or in part to the default of the person joined in the proceedings as aforesaid, that person may be convicted of the offence and if the original defendant further proves that he took all reasonable steps to secure compliance with the enforcement notice, he shall be acquitted of the offence.

Continuing operation of enforcement notices

25. (1) Compliance with an enforcement notice may call for -

- (a) the demolition or alteration of any buildings or works;
- (b) the discontinuance of any use of land; or
- (c) any other requirements in the enforcement notice.

(2) Without restricting the generality of subsection (1), where any development is carried out on land by way of reinstating or restoring buildings or works that have been demolished or altered in compliance with an enforcement notice, the enforcement notice shall, notwithstanding that its terms are not apt for the purpose be deemed to apply in relation to the buildings or works as reinstated or restored as it applied in relation to the buildings or works before they were demolished or altered and section 23(1) and (2) shall apply accordingly.

(3) Without affecting the operation of section 24, whoever carries out any development on land by way of reinstating or restoring buildings or works that have been demolished or altered in compliance with an enforcement notice is guilty of an offence and liable on summary conviction to a fine of five thousand dollars.

Stop notice

26. (1) Where in respect of any land the Authority-

- (a) has served a copy of an enforcement notice requiring a breach of planning control to be remedied; but
- (b) considers it expedient to prevent before the expiry of the period allowed for compliance with the enforcement notice the carrying on of any activity which is or is included in a matter alleged by the notice to constitute the breach, then, subject to the following

provisions of this section, the Authority may, at any time before the notice takes effect, serve a notice (in this Law referred to as a “stop notice”) referring to and having annexed to it a copy of the enforcement notice and prohibiting the carrying out of that activity on the land, or on any part of the land specified in the stop notice.

(2) A stop notice shall not prohibit-

- (a) the use of any building as a dwelling-house; or
- (b) the taking of any steps specified in the enforcement notice as required to be taken in order to remedy the breach of planning control,

and where an activity has been carried out (whether continuously or otherwise) without planning permission on land for a period which commenced more than twelve months before the date on which a stop notice is served, the stop notice shall not prohibit the carrying out of that activity on that land unless it is, or is incidental to, building engineering or other operations.

(3) A stop notice shall cease to have effect when-

- (a) the enforcement notice is withdrawn or quashed;
- (b) the period allowed for compliance with the enforcement notice expires; or
- (c) notice of the withdrawal of the stop notice is first served under subsection (5),

and a stop notice shall also cease to have effect if or to the extent that the activities prohibited by it cease, on a variation of the enforcement notice, to be included in the matters alleged by the enforcement notice to constitute a breach of planning control.

(4) A stop notice may be served by the Authority on any person who appears to the Authority to have an interest in the land or to be engaged in any activity prohibited by the notice; and where a stop notice has been served in respect of any land, the Authority may display on the land a notice (in this section referred to as a “site notice”) stating that a stop notice has been served and that any person contravening it may be prosecuted for an offence under this section, giving the date when the stop notice takes effect and indicating its requirements.

(5) The Authority may, at any time, withdraw a stop notice (without prejudice to its power to serve another) by serving a notice to that effect on the persons served with the stop notice and, if a site notice was displayed in respect of the stop notice, by displaying a notice of the withdrawal in place of the site notice.

(6) Subject to subsection (7), whoever contravenes, causes or permits the contravention of a stop notice-

- (a) after a site notice has been displayed; or
- (b) if a site notice has not been displayed, more than two days after the stop notice has been served on him,

is guilty of an offence and liable on summary conviction to a fine of five thousand dollars, and if the offence is continued after conviction, is guilty of a further offence and liable on summary conviction to a fine of one thousand dollars for each day on which the offence is continued.

(7) In proceedings for an offence under this section it shall be a defence for the accused to prove that the stop notice was not served on him and that he did not know, and could not reasonably have been expected to know, of its existence.

(8) A stop notice shall not be invalid by reason that a copy of the enforcement notice to which it relates was not served as required by section 21(1), if it is shown that the Authority took all such steps as were reasonably practicable to effect proper service.

(9) Any reference in this section to the period allowed for compliance with an enforcement notice shall be construed in accordance with section 23(1) or 24(1).

Compensation for loss
due to stop notice

27. (1) A person who, when a stop notice under section 26 is first served, has an interest in or occupies the land to which the stop notice relates shall, in any of the circumstances mentioned in subsection (2), be entitled to be compensated by the Authority in respect of any loss or damage directly attributable to the prohibition contained in the notice or, in a case within paragraph (b) thereof, so much of that prohibition as ceases to have effect.

(2) A person shall be entitled to compensation under subsection (1) in respect of a prohibition contained in a stop notice if-

- (a) the enforcement notice is quashed by a court;
- (b) the enforcement notice is withdrawn by the Authority otherwise than in consequence of the grant by the Authority of planning permission for the development to which the notice relates or for its retention or continuance without compliance with a condition subject to which a previous planning permission was granted; or
- (c) the stop notice is withdrawn.

(3) A claim for compensation under this section shall be made to the Authority within the time and in the manner prescribed by regulations made under this Law.

(4) The loss or damage in respect of which compensation is payable under this section in respect of a prohibition may include a sum payable in respect of a breach of contract caused by the taking of action necessary to comply with the prohibition.

28. (1) If it appears to the Authority that it is expedient in the interests of amenity to make provision for the preservation of any tree, trees or woodlands in any area, it may, for that purpose, make an order (in this Law referred to as a tree preservation order) with respect to any such tree, trees, groups of trees or woodlands as may be specified in the order; and, in particular, provision may be made by any such order-

Preservation of trees and woodlands

- (a) for prohibiting (subject to any exemptions for which provision may be made by the order) the cutting down, topping or wilful destruction of trees except with the consent of the Authority which may be given subject to conditions;
- (b) for securing the replanting, in such a manner as may be prescribed by or under the order, of any part of a woodland area that is felled in the course of forestry operations permitted by or under the order;
- (c) for applying, in relation to any consent under the order, and to applications therefor, any of the provisions of this Part relating to permission to develop land, and to applications for any such permission, subject to such adaptations and modifications as may be specified in the order; and
- (d) for the payment by the Authority, subject to such exceptions and conditions as may be specified in the order, of compensation in respect of damage or expenditure caused or incurred in consequence of the refusal of any consent required under the order, or the grant of any such consent subject to conditions.

(2) Provision may be made by regulations with respect to the form of tree preservation orders and the procedure to be followed in connection with the making and approval of such orders, and such regulations shall, in particular, make provision for securing-

- (a) that notice shall be given to the owners and occupiers of land affected by any such order;
- (b) that objections and representations with respect to the proposed order duly made in accordance with the regulations shall be considered before the order is made by the Authority; and
- (c) that copies of the order when it comes into operation shall be served on the owners and occupiers of the land to which it relates.

(3) Notwithstanding subsection (2), where it appears to the Authority that any tree preservation order should take effect immediately, they may make the

order provisionally without complying with the requirements of any regulations with respect to the consideration of objections and representations, but any order so made shall cease to have effect upon the expiration of two months from the date on which it is so made unless within that period it has again been made, with or without modifications, after compliance with those requirements.

(4) Without limiting the other exemptions for which provision may be made by a tree preservation order, no such order shall apply to the cutting down, topping or lopping of trees in compliance with any obligation imposed by or under any law or so far as may be necessary for the prevention or abatement of a nuisance.

(5) Whoever contravenes a tree preservation order, is guilty of an offence and liable on summary conviction to a fine of four hundred dollars and in the case of a continuing offence, to a further fine of twenty dollars for every day after the first day during which the contravention is so continued.

Storm belts

29. Storm belts as indicated on a development plan shall not be the subject of development or clearance other than by persons authorised in that behalf by the Authority and to the extent and in the manner, if any, directed by them.

Maintenance of waste land, etc.

30. If it appears to the Authority that the amenity of any area is seriously injured, by reason of the ruinous or dilapidated condition of any buildings, or by the condition of any buildings, or by the condition of land due to the deposit of refuse, spoil or derelict vehicles or the occupation of land or a public road for purposes of the repair of vehicles, it may serve on the owner or occupier of the land or the person responsible a notice requiring such steps to be taken for abating the injury as may be specified by the Authority. Whoever fails to comply with such notice is guilty of an offence and liable on summary conviction to a fine of two hundred dollars and in default of payment or in lieu of such fine to imprisonment for three months and in the case of a continuing offence to a further fine of ten dollars for each day on which the offence continues.

Taking ballast from shoreline an offence

31. (1) Without prejudice to this or any other law, whoever, without the express permission of the Authority, given in writing takes or removes any sand, gravel, pebbles, stone, coral or other filling from any area between mean high water mark and five hundred feet inland thereof, or from any land covered by water, is guilty of an offence and liable on summary conviction to a fine of five hundred dollars and to imprisonment for three months in respect of each separate taking or removal, and whoever aids or abets any person in the commission of such offence shall, on summary conviction, be punishable in the same manner as the principal offender:

Provided that nothing in this subsection shall apply to the taking or removal from domestic purposes by any person of any of the substances hereinbefore referred to in a quantity not exceeding one cubic yard in any one month.

(2) Whoever, in any area or land referred to in subsection (1), is found by any constable in possession or control of sand, gravel, pebbles, stone, coral or other filling loaded or being loaded in or being unloaded from any vehicle shall be deemed to have contravened subsection (1) until he proves the contrary.

32. For the avoidance of doubt it is hereby declared that this Part shall apply to the development of land in Cayman Brac and Little Cayman irrespective of whether any of the functions of the Authority under this Part have been delegated to the Board.

Application of Part III to development in Cayman Brac and Little Cayman

PART IV-Compensation for Refusal, or Conditional Grant of, Planning Permission

33. In this Part-

Definition of "planning decision"

"planning decision" means in the case of an application for permission to develop made under Part III, a refusal of that permission or a grant thereof whether or not subject to conditions.

34. (1) If, on a claim made to the Authority in the manner prescribed by regulations made under this Law, it is shown that, as a result of a planning decision involving a refusal of permission or a grant thereof subject to conditions, the value of the interest of any person in the land to which the planning decision relates is less than it would have been if the permission had been granted or had been granted unconditionally, then the Authority shall, subject to this Part, pay to that person compensation of an amount equal to the difference.

Compensation for planning decisions

(2) In determining for the purposes of subsection (1) to what extent, if any, the value of any interest in land is less than it would have been if the permission therein referred to had been granted or had been granted unconditionally, it shall be assumed that any subsequent application for permission in respect of the land would be determined in the same way, except that if, on the refusal of permission for the development in respect of which application is made, the Authority undertakes to grant permission for any other development of the land in the event of an application being made in that behalf, regard shall be had to the undertaking in determining the matter aforesaid.

35. (1) Subject to any regulations, compensation under this Part shall not be payable-

No compensation payable in certain cases

- (a) in respect of the refusal of permission for any development that consists of or includes the making of any material change in the use of any buildings or other land;
- (b) in respect of the refusal of permission to develop land if the reason or one of the reasons stated for the refusal is that the development of the kind proposed would be premature by reference to -
 - (i) the order of priority, if any, indicated in the development plan for the area in which the land is situated for development in that area; or
 - (ii) any existing deficiency in the provision of roads, water supplies or sewerage services and the period within which any such deficiency may reasonably be expected to be made good;
- (c) in respect of the refusal of permission to develop land if the reason or one of the reasons stated for the refusal is that the land is unsuitable for the proposed development on account of its liability to flooding or subsidence;
- (d) in respect of the imposition, on the granting of permission to develop land of any condition relating to-
 - (i) the number or disposition of buildings on any land;
 - (ii) the dimensions, design, structure or external appearance of any building, or the materials to be used in its construction;
 - (iii) the manner in which any land is to be laid out for the purposes of the development including the provision of facilities for the parking, loading, unloading or fuelling of vehicles on land;
 - (iv) the use of any buildings or other land; or
 - (v) the location or design of any means of access to a highway, or the materials to be used in the construction thereof; or
- (e) in respect of the refusal of permission for any development where such development was prohibited or permission could have been refused under the former Law or any statutory instrument made thereunder in force immediately prior to the 17th day of January, 1972.

(2) For the purpose of this section, a planning decision whereby permission to develop land is granted subject to a condition prohibiting development of a specified part of that land shall be treated as a decision refusing the permission as respects that part of the land.

(3) For the avoidance of doubt, it is hereby declared that paragraph (a) of subsection (1) applies only to a building or other land which has a predominant existing use at the time when, or within two years before, a development plan takes effect, including use as agricultural land, or to any land which has been

developed after a development plan takes effect, but does not apply to land which has not been developed in any way.

36. (1) Subject to any regulations, compensation under this Part shall not be payable in respect of a planning decision whereby permission is refused for the development of land if, notwithstanding that refusal, there is available with respect to that land planning permission for development to which this section applies.

No compensation if
other development
permitted

(2) Where planning permission for development to which this section applies is available with respect to part only of the land, this section shall have effect only insofar as the interest subsists in that part.

(3) Where a claim for compensation under this Part is made in respect of an interest in any land, planning permission for development to which this section applies shall be taken for the purposes of this section to be available with respect to that land or a part thereof if, immediately before the Authority gives notice of their findings in respect to that claim, there is in force with respect to that land or such part thereof, a grant of, or an undertaking by the Authority to grant, planning permission for some such development, subject to no conditions other than such as are mentioned in paragraph (d) of section 35(1).

(4) This section applies to any development of a residential, commercial or industrial character, if the development consists wholly or mainly of the construction of houses, flats, shop or office premises, hotels, garages and petrol filling stations, cinemas or industrial buildings (including warehouses) or any combination thereof.

37. (1) Compensation under this Part shall not be payable unless a claim for it is duly made in accordance with this section.

General provisions as to
claims for compensation

(2) A claim for compensation under this Part shall not have effect unless it is made before the end of the period of six months beginning with the date of the planning decision to which it relates, but the Authority may in any particular case (either before, on or after that date on which the time for claiming would otherwise have expired) allow an extended or further extended period for making such a claim.

(3) Regulations made by the Authority under this section may-

- (a) require claims for compensation under this Part to be made in a form prescribed by the regulations; and
- (b) require a claimant to provide the Authority with such evidence in support of the claim, and such information as to the interest of the

claimant in the land to which the claim relates, and as to the interests of other persons therein that are known to the claimant, as may be so prescribed.

1995 Revision

(4) Compensation payable under this Part shall, in default of determination by agreement, be determined in accordance with the procedure under the Land Acquisition Law (1995 Revision) with such modifications as circumstances may require.

Acquisition of land in lieu of compensation

38. Where a claim for compensation under this Part in respect of any interest in land has been determined in accordance with section 37, the Authority may, within one month after the date of the determination of such compensation and in lieu of paying the same, make an offer in writing to purchase the interest in land to which the claim for compensation relates and, if the person entitled to that interest is willing to sell the same, the Authority may forthwith acquire the interest in accordance with this Law, or if that person is unwilling to sell the same the Authority may, with the approval of the Legislative Assembly, so acquire the interest.

PART V-Acquisition and Disposal of Land for Planning Purposes

Acquisition of land

39. (1) Where any land is designated in a development plan made under Part II as subject to acquisition by the Authority or may otherwise be acquired by the Authority under this Law then the Authority may notify the Governor of their intention so to acquire such land and thereupon the Governor may proceed to acquire such land pursuant to the Land Acquisition Law (1995 Revision) as land needed for a public purpose.

(2) Any land acquired by the Governor at the instance of the Authority pursuant to this section shall be held by the Governor or transferred to any other person, in pursuance of this Law.

(3) Nothing in this section shall be deemed to prevent the acquisition by agreement of any land mentioned in subsection (1).

Amendment of section 21 of the Land Acquisition Law (1995 Revision) for the purpose of this Law

40. For the purposes of determination of compensation for the compulsory acquisition of land under this Law, the Land Acquisition Law (1995 Revision) shall be construed as if there were substituted for paragraph (a) of section 21 the following-

“(a) the amount which the land might have been expected to realise if, in the condition in which it was at the date of notification of intention of appropriation, either in a development plan or otherwise, it had been sold in the open market by a willing seller at a date not less than twelve months prior to that date.”.
